I am	I'm trying to	But	Because	Which makes me feel
An Student	to pay my education fees via online banking	goes to the home page of the banking site after some redirections	of some malicious/ phishing URL shared by an unknow person	that my user credentials has been stolen
An customer	to shop an dress which was shown in the advertisement	asks more data rather than required data	of an phishing link associated with the advertsiment	that my peronal data has been stolen and feels insecure
An Manager in an organization	visits many websites for gathering reports	one of the website asks to give access to my location services	of that my location and my system information has been stolen	that I am vulnerable to critical cyber attacks
An sports coach of an football team	view new ideas in online to improve tactics of the team	an malicious software installed in the system	of the link which was came from an authorized person	insecure
